

Able Dairies Sdn Bhd (AD), was incorporated in Malaysia, is principally engaged in the business of manufacturing and selling of milk and related dairy products.

Currently, AD sells its products in the Africa continent, the Middle East and South East Asia region. The customers of AD consist of importers, distributors and trading companies which will distribute it in these various markets. Local sales are mainly through distributors to commercial customers whilst export sales are channeled through traders and distributors.

The products are used as dairy products mainly in the food and beverage industry.
